Come take part in a Women's Empowerment Swap Day!

- Empower yourself with home maintenance and money-saving **do-it-yourself** tips and tricks.
- Learn **your rights** as a renter/homeowner, and ways to protect and enhance your assets.
- Attend workshops on how to **make your house into a home** with safety tips, furniture upholstery methods, garden/compost information, and weatherization/energy advice.
- Join in on the SWAP! Bring up to ten un-used household items (see list below) to swap with other attendees. At check-in items will be appraised and given points which can be used for "new" items that others have brought to swap.
